

Mohammad Behgam Shadmehr, MD

Masih Daneshvari Hospital, Tracheal Diseases Research Center,
Thoracic Surgery Department, Shaheed Bahonar Ave, Darabad,
Tehran 1956944413, Iran

Phone: 98-21-27122016

98-21-91015357

Fax: 98-21-26105387

mbshadmehr@sbmu.ac.ir

mbshadmehr@yahoo.com

ACADEMIC POSITIONS:

Professor of Surgery

2 / 2013 - Present

Massih Daneshvari Hospital, Department of Thoracic Surgery
Shahid Beheshti University of Medical Sciences, Tehran, Iran

Associate Professor of Surgery

7 / 2005 - 1 / 2013

Massih Daneshvari Hospital, Department of Thoracic Surgery,
Shahid Beheshti University of Medical Sciences, Tehran, Iran

Assistant Professor of Surgery

11 / 1994 - 6 / 2005

Massih Daneshvari Hospital, Department of Thoracic Surgery,
Shahid Beheshti University of Medical Sciences, Tehran, Iran

Assistant Professor of Surgery

11 / 1993 - 10 / 1994

Rezaee Hospital, Department of General Surgery, Damghan

Semnan University of Medical Sciences, Semnan, Iran

PROFESSIONAL POSITIONS:

Thoracic Surgeon

Massih Daneshvari (Academic) Hospital, Tehran, Iran

11 / 1996 - Present

Atieh (Private) Hospital, Tehran, Iran

2 / 2000 – Present

General Surgeon

11 / 1993 - 10 / 1994

Rezaee Hospital, Damghan, Iran

ADMINISTRATIVE POSITIONS:

1. Chief, General Thoracic Surgery Ward

Masih Daneshvari hospital

7/ 2026 - Present

Shahid Beheshti University of Medical Sciences, Tehran, Iran

2- Chief, “Tracheal Diseases Research Center”

9 / 2009 - Present

National Research Institute of Tuberculosis and Lung Diseases (NRITLD),

Shahid Beheshti University of Medical Sciences, Tehran, Iran

3- Chief, General Thoracic Surgery Department

Shahid Behesti University of Medical Sciences

2022 - Present

4- Director of Education, Vice President

12 / 2020 - 2022

General Thoracic Surgery Department, Shahid Behesti University of Medical Sciences

5- Regional Director, Advanced Trauma Life Support, ATLS

12 / 2011 -2019

American College of Surgeons

6- Vice President

9 / 2015 – 2023

Board member

9 / 2008 - Present

National Board of General Thoracic Surgery, Ministry of Health & Medical Education, Iran

7- Founding Board member and Member of the Research Council

Lung Transplantation Research Center,

National Research Institute of Tuberculosis and Lung Diseases (NRITLD) 9 / 2006 - Present

8- Vice President

5 / 2015 - 2021

Board member

5 / 2004 - 4 / 2021

Iranian Society of Thoracic Surgeons

9- Member of the Board of Directors

10 / 1999 - 09 / 2001

Clinical Research Group, NRITLD

10- Member of the Board of Directors

10 / 1999 - 09 / 2001

Continuing Medical Education Committee for all practicing physicians

Shahid Beheshti University of Medical Sciences

11- Member of the Board

11 / 1996 - 09 / 2001

Curriculum Committee, Department of Surgery

Shahid Beheshti University of Medical Sciences

12- Director of Thoracic Surgery

General Thoracic Surgery Department

2023-present

13- Member of the Board

Respiratory Diseases Research Network (RDRN)

2012-Present

EDUCATION:

Medical Education:

04 / 1983 - 04 / 1989

Shahid Beheshti University of Medical Sciences, School of Medicine, Tehran, Iran

General Surgery Residency

04 / 1989 - 09 / 1993

Modarres Hospital, Shahid Beheshti University of Medical Sciences, Tehran, Iran

Program Director: Farrokh Saidi, MD, FACS, FRCS

General Thoracic Surgery Clinical Fellowship

11 / 1994 - 10 / 1996

Massih Daneshvari Hospital, Shahid Beheshti University of Medical Sciences, Tehran, Iran

Program Director: Farrokh Saidi, MD, FACS, FRCS

General Thoracic Surgery Research Fellowship

01 / 1998 – 01 / 1999

Thoracic Surgery Division, Massachusetts General Hospital, Boston, MA, USA

Program Director: Douglas J. Mathisen, MD, FACS

General Thoracic Surgery Research Fellowship

10 / 2001 – 06 / 2003

Thoracic Surgery Division, Massachusetts General Hospital, Boston, MA, USA

Program Director: Douglas J. Mathisen, MD, FACS

General Surgery Residency

Department of General Surgery, CCF, Cleveland, OH

06 / 2003 – 12 / 2003

Program Director: Allen Siperstein, MD, FACS

CERTIFICATIONS:

National Board of General Surgery: 1993

National Board of General Thoracic Surgery: 1999

ECFMG, certificate number: 0-586-759-3, valid indefinitely

LICENSURE:

Ohio State Medical Board License: 2003

Tehran Medical Board License: 1999

TEACHING ACTIVITIES:

Teaching of Medical Students , bimonthly	1994 – Present
Formal teaching of General Surgery Residents	1995 – Present
Formal teaching of General Thoracic Surgery Clinical Fellows	1997 – Present
Formal teaching of General Thoracic Surgery Residents	9/2025 – Present

PhD by Research Thesis Supervisor:

- 1- Roya Farzanegan, MD, PhD: Clinical Epidemiology: Post-Intubation Tracheal Stenosis; Incidence Rate Estimation and Risk Factors Assessment, 2012 – 2017
- 2- Fariba Ghorbani, MD, PhD: Tracheal Tissue Engineering, Fabrication and Characterization of a Vascularized Tracheal Substitute for Tracheal Replacement in Animal Model, 2012 – 2017

Journal Club Director:

Monthly Journal Clubs for General Thoracic Surgery Fellows 2008 - Present

Patient educational material:

Pamphlet and CD for discharged patients with the risk of PITS or with a tracheostomy tube

CLINICAL INNOVATIONS:

Biodegradable and Biocompatible Tracheal Stent (under review)

Patent # 139750140003006266

INTERNATIONAL PRESENTATIONS:

Comparative outcomes of Redo and initial tracheal resection and anastomosis: A 25-year experience with insights from a propensity score-matched analysis (Oral)

AATS 106th Annual Meeting, Chicago, USA, 2026

The role of systemic steroids in prevention of recurrent stenosis after tracheal resection: A pilot randomized controlled trial (Poster)

AATS 106 Annual Meeting, Chicago, USA, 2026

Outcome Prediction After Tracheal Resection in Patients with Post-Intubation Tracheal Stenosis: A 23-Year Experience.

ESTS 34th Annual Meeting of the European Society for Thoracic Surgeon , Athens, Greece, 2026

Postintubation Multisegmented Tracheal Stenosis, a 24-Year Experience (Oral)

ESTS Annual Meeting, Ljubljana, Slovenia, 2018

The role of systemic Steroids in postintubation tracheal stenosis: A randomized clinical trial (Oral)

STS Annual Meeting, Arizona, USA, 2016

The role of T-tubes in the management of airway stenosis (Oral)

ESTS Annual Meeting, Essen, Germany, 2012

Thyroid cancers with laryngotracheal invasion (Oral)

ESTS Annual Meeting, Marseille, France, 2011

Primary Major Airway Tumors, Management and Results (Oral)

ESTS Annual Meeting, Valladolid, Spain, 2010

NATIONAL ORAL PRESENTATIONS: (some selected presentations from 2012 to 2025)

NSCLC with chest wall invasion

46nd Annual Congress of Iranian Association of Surgeons, 2025

Non-therapeutic thymectomy, inevitable or avoidable?

46nd Annual Congress of Iranian Association of Surgeons, 2025

Chest wall mass

45nd Annual Congress of Iranian Association of Surgeons, 2024

The role of VATS in Thymoma

42nd Annual Congress of Iranian Association of Surgeons, 2018

An Overview of the STS 54th Annual Meeting

42nd Annual Congress of Iranian Association of Surgeons, 2018

GI Reconstruction after Esophagectomy

42nd Annual Congress of Iranian Association of Surgeons, 2018

Lung Cancer Updates

The 6th Khorasan Surgery Congress, Mashhad, 2018

Tracheostomy

Annual Meeting of Intensivists, Tehran, 2018

Metastaticity³ in Lung Metastasis

15th Annual congress of ISMOH, 2017

Surgical Approach to Esophageal Cancers

Mazandaran University of Medical Sciences, 2017

Advantages and Disadvantages of Thoracoscopic Lobectomy

The 4th Khorasan Surgery Congress, Mashhad, 2016

Thoracoscopic Approach to Bullous Lung Diseases

40th Annual Congress of Iranian Association of Surgeons, 2016

Minimally Invasive Esophagectomy

40th Annual Congress of Iranian Association of Surgeons, 2016

New Advancements in Surgery for Staging and Treatment of NSCLC

Radio-oncology Annual Meeting, 2016

Minimally Invasive Approach for Mediastinal Lesions

4th International Congress of Minimally Invasive Surgery, Shiraz, 2015

Technical Improvements in Lung Transplantation

39th Annual Congress of Iranian Association of Surgeons, 2015

Lung Transplantation since April 2000 in IRAN

The 3rd Khorasan Surgery Congress, Mashhad, 2015

Post-intubation Tracheal Stenosis

International Congress on Pulmonary Diseases, Intensive Care and Tuberculosis, 2015

Lung Transplantation Complications

The 2nd Khorasan Surgery Congress, Mashhad, 2014

Management of patients presented urgently with Tracheal Stenosis

The 1st Khorasan Surgery Congress, Mashhad, 2013

Video-Assisted Thoracoscopic Surgery, Updates

URMIA University of Medical Sciences, 2013

Thoracoscopic approach to Lung Hydatid Cysts

Mashhad University of Medical Sciences, 2012

The Role of Surgery for Stage III NSCLC 2012

36th Annual Congress of Iranian Association of Surgeons, 2012

EDITORIAL ACTIVITIES:

Assistant Editor:

Interactive Cardiovascular and Thoracic Surgery 2019 - 2023

Peer Reviewer:

The Annals of Thoracic Surgery 2016 - Present

European Journal of Cardio-Thoracic Surgery 2013 - Present

Interactive Cardiovascular and Thoracic Surgery 2013 – Present

Journal of Cardiothoracic Surgery 2026-present

Archives of Iranian Medicine 2010 - Present

TANNAFOS (Respiration) 2002 - Present

Annual Meeting Abstracts Reviewer:

European Society of Thoracic Surgeons Annual Meeting 2019

International Congress on Pulmonary Diseases, Intensive Care and Tuberculosis 2001 - Present

Iranian Society of Thoracic Surgeons Annual Meeting 2004 - Present

AWARDS:

- 1- ESTS-FSCTS award for best clinical presentation. Idiopathic laryngotracheal stenosis, surgical or non-surgical treatment? 21st European Conference on General Thoracic Surgery, 2013: Birmingham, UK
- 2- Distinguished Associate Professor and Teacher of the year 2011, Shahid Beheshti University of Medical Sciences.
- 3- Travel Grant 2011. ESTS-DGT Annual Meeting. Thyroid cancers with laryngotracheal invasion, 19th European Conference on General Thoracic Surgery, 5-8 June 2011, Marseille-France.
- 4- Distinguished Assistant Professor and Teacher of the year 1997, Shahid Beheshti University of Medical Sciences.
- 5- The Project "Endothoracic endoesophageal pull through operation" was ranked the best Clinical Research Project at Shahid Beheshti University of Medical Sciences in 1990.

RESEARCH PROJECTS:

50- Comparative study of characteristics and treatment of post-intubation tracheal stenosis due to COVID-19 and control group: matching based on propensity score

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC)

Status: ongoing

49- Collecting and compiling clinical evidence regarding the impact of risk factors related to hemodynamic conditions, underlying diseases, demographic, genetic, and epigenetic characteristics on the occurrence of tracheal stenosis following tracheal stenosis

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC)

Status: Finished 2025

48- A systematic review of the effectiveness of pre-hospital emergency care in the occurrence of tracheal stenosis following intubation and the development of clinical guidelines for its prevention

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC)

Status: Finished 2025

47- Comparative study of the density of thoracic surgeons in Iran and the world

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC)

Status: Finished 2024

46- Study of tracheal stenosis following poisoning in patients at Masih Daneshvari Hospital, a 24-year experience

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC)

Status: ongoing

45- Providing a national guideline for prevention of PITS

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC)

Status: Finished 2025

44- Identification of in-depth pulmonary nodules by an electrical bio-impedance probe (an in-vivo study)

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC), Hamedan University of Technology

Status: Finished 2024

43- Design and optimization of a web-based application for screening of post-intubation tracheal stenosis

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC), Tehran University

Status: Finished 2024

42- Development of a Four-Electrode Bio-Impedance Sensor and Feasibility study of its usage for identification of in-depth pulmonary nodules (an in-vitro study)

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC), Amirkabir University of Technology

Status: finished 2018

41- Mechanical characterization and constitutive modeling of human trachea

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC), Amirkabir University of Technology

Status: finished 2017

40- Tracheal Transplantation with acellular tracheal allograft in animal model

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC), Pediatric Urology and Regenerative Medicine Research Center

Status: ongoing

39- Investigation of relationship between expressions of platelet derived growth factor (PDGF) and post intubation tracheal stenosis

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC), Arak Azad University

Status: finished 2018

38- Post intubation multisegmental tracheal stenosis

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC)

Status: finished 2017

37- The role of postoperative systemic steroids in prevention of granulation tissue formation and healing of airway anastomosis.

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC)

Status: finished 2016

36- National Project of post-intubation tracheal stenosis, Incidence rate estimation, and risk factors assessment

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC) and 15 Medical universities in Iran

Status: finished 2016

35- Tracheal tissue engineering

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC), Amirkabir University of Technology, Material and Energy Research Center

Status: finished 2016

34- The VATS approach to spontaneous pneumothorax

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC)

Status: Finished 2023

33- Assessment of expression and function of newly discovered gene variants in lung cancers

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC), Golestan University, Baqiyatallah University of Medical Sciences

Status: finished 2016

32- microRNAs in lung cancers

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC), Baqiyatallah University of Medical Sciences

Status: finished 2017

31- Assessment of gene linkage by PCR in Iranian patients with Non-small cell lung cancers

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC), Pauster Institute of Iran

Status: finished 2016

30- Mechanical characteristics of the layers of arterial wall

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC), Amirkabir University of Technology

Status: finished 2016

29- Knowledge, attitude and practice of thoracic surgeons about antibiotic prophylaxis in thoracic surgery.

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC)

Status: Finished 2015

28- Identification of new SOX2OT transcript variants and expression in human lung carcinoma

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC), Golestan University of Medical Sciences, Tarbiat Modares University

Status: Finished 2016

27- VATS approach to lung hydatid cyst

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC)

Status: Finished 2013

26- Outcome assessment of patients with complete tracheal transection due to blunt trauma.

Responsibility: Co-investigator

Organization: Tracheal Diseases Research Center (TDRC)

Status: Finished 2013

25- Idiopathic subglottic stenosis.

Responsibility: Co-investigator

Organization: Tracheal Diseases Research Center (TDRC)

Status: Finished 2013

24- Chest wall tumors management results in patients at Massih Daneshvari Hospital

Responsibility: Co-investigator

Organization: Tracheal Diseases Research Center (TDRC)

Status: Finished 2013

23- The etiologic role of drug- abuse in patients with empyema, at Massih Daneshvari hospital.

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC)

Status: Finished 2013

22- Mechanical characteristics of tracheal rings.

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC), Amirkabir University of Technology

Status: Finished 2013

21- Tracheal scaffold design and fabrication.

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC), Amirkabir University of Technology

Status: Finished 2013

20- Evaluation and comparison of miRNAs expression and function in patients with lung cancers sensitive to radiotherapy

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC), Pasteur Institute of Iran

Status: Finished 2013

19- Detection of aberrant methylation of 10 genes in genomic DNA of lung tumor.

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC), Tofigh Daru

Status: finished 2012

18- The effects of systemic corticosteroids in the management of patients with postintubation tracheal stenosis, A Randomized Clinical Trial

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC)

Status: Finished 2012

17- Esophageal substitution with trachea, an animal – experimental study.

Responsibility: Co-investigator

Organization: Tracheal Diseases Research Center (TDRC)

Status: finished 2012

16- The long term results of using T-Tubes in the management of patients with tracheal stenosis

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC),

Status: Finished 2012

15- Establishment and development of "Skill Laboratory" at Massih Daneshvali hospital

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC)

Status: Finished 2010

14- The long term results of the treatment of thyroid cancers invading the larynx and trachea in patients at Massih Daneshvari Hospital

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC)

Status: Finished 2010

13- The long term results of the treatment of primary tracheal and main bronchial tumors in patients at Massih Daneshvari Hospital

Responsibility: **Principal investigator**

Organization: Tracheal Diseases Research Center (TDRC)

Status: Finished 2010

12- Determining the relationship between the Plethysmographic findings and bronchoscopic and/or surgical findings of patients with postintubation tracheal stenosis

Responsibility: Co-investigator

Organization: Tracheal Diseases Research Center (TDRC)

Status: Finished 2010

11- The comparison of the effects of intrapleural morphine and fentanyl for pain management after VATS

Responsibility: Co-investigator

Organization: Shahid Beheshti University of Medical Sciences, NRITLD

Status: Finished 2005

10- The comparison of the effects of intrapleural morphine and fentanyl for pain management after Posterolateral Thoracotomy

Responsibility: Co-investigator

Organization: Shahid Beheshti University of Medical Sciences, NRITLD

Status: Finished 2005

9- Establishment of the first hospital unit of evaluation, documentation and report of the Adverse Drug Reactions

Responsibility: Co-investigator

Organization: Shahid Beheshti University of Medical Sciences, NRITLD

Status: Finished 2005

8- Primary Tracheal Tumors

Responsibility: Co-investigator

Organization: Harvard University, Massachusetts General Hospital

Status: Finished 2003

7- Surgical management of Chest Wall Tumors, Long term results

Responsibility: Co-investigator

Organization: Harvard University, Massachusetts General Hospital

Status: Finished 2003

6- Thyroid Cancers invading the Airway, Long term results

Responsibility: Co-investigator

Organization: Harvard University, Massachusetts General Hospital

Status: Finished 2003

5- Mediastinal Dumbbell Tumors

Responsibility: Co-investigator

Organization: Harvard University, Massachusetts General Hospital

Status: Finished 2002

4- Prevention of Postintubation Tracheal and Subglottic Stenosis

Responsibility: Co-investigator

Organization: Shahid Beheshti University of Medical Sciences, NRITLD

Status: Finished 2000

3- The role of Video-Assisted Thoracoscopic Surgery (VATS) in diagnosis of pleural effusions in patients at Massih Daneshvari Hospital

Responsibility: **Principal Investigator**

Organization: Shahid Beheshti University of Medical Sciences, NRITLD

Status: Finished 2000

2- “Endothoracic endoesophageal pull-through operation”, a new approach to the cancer of Esophagus

Responsibility: Co-investigator

Organization: Shahid Beheshti University of Medical Sciences, Modarres Hospital

Status: Finished 1992

1- Acute and late effects of Scolicidal agents on Liver and Bile Ducts; An experimental study (Animal study)

Responsibility: Co-investigator

Organization: Shahid Beheshti University of Medical Sciences, Modarres Hospital

Status: Finished 1990
